“ *I just learned of Barbara's death today as I now spend most of my time in Mississippi. When I began working in 1984 at North Monroe Medical Center, I met Barbara who was also working the night shift. She was always very professional, hardworking and caring to those assigned to her care. I only had about two years of experience at that time as an RN, Barbara always knew the answers that I didn't have. She was wonderful to work with, a truly good person and I cherish that time with her, My prayers are with her family and many friends.*

“ *My memories of you are just wonderful as I was a new nurse working with you. You showed me so many things and were very patient with me. We had a few laughs along the way, but most of all, you were there to guide me along my journey. Thank you for showing me how wonderful nursing is and I will always cherish the moments we had. Rest in Peace and watch over us. Prayers for your family as I know they are needed during this most difficult time.*

ML

“ My Heart is very heavy. I know our Lord and Savior does no wrong. He has just taken another beautiful soul as his “Angel “. My Barbara, was a loving, compassionate, caring woman. She had a smile and laugh that was contagious. Barbara, was like my Sister and so taught me so much and help me to be the woman who I am today. My sweet Niece Chrissie, you are the legacy she left behind and know your mom is very proud of you and the young woman you have become. You are not alone you have God and your family and all your Auntie’s. We love you. To my Barbara, rest in peace my love until we met again
