“ *The Norris and Cunningham families grew up in close knitted rural Jones, La. Our dads were the best of friends and modeled for us how to care for those within your community. Larry certainly upheld the tradition. Oh he could fry a turkey to perfection! He will certainly be missed for his impact in the lives of others. May his family find comfort and strength in God, family, and friends. RIP Larry*

“ *Delta High School Class of 1982 will always remember your love and dedication to and for our class. You were a driving force behind our reunions. Peace and comfort to his family. A life well lived.*
